## A NOTE FROM THE DIRECTOR...

"Just keep swimming! Just keep swimming!"

People say that iconic line all the time, because it applies to so many things in life. When faced with challenges, we try our best to overcome them and "just keep swimming on." It's just one of the many good lessons that this show has to offer our young learners.

Every show that we do is a new challenge for our students. These young actors have spent the past two months learning this show. Between dancing, singing, and acting, many hours have been spent practicing after school. On top of that, parents have spent time at home supporting their kids and helping them to memorize lines and songs.

Along Nemo's journey in the "Big Blue World", he learns that with courage and determination, he can do big things. I believe these kids have learned the same lesson on their journey to put on this show, and they're excited to show you what they can do. I'm so proud of these students, and I'm so thankful for all of our staff, parents, and volunteers who have helped to make this show a reality.

Enjoy the show!

- Ryan Cooper

## A NOTE FROM THE PRINCIPAL...

I am excited that we are entering year two of hosting student plays in our gym and on our stage. I am very grateful to Mr. Cooper and all the wonderful folks who have given so much time to make Nemo a reality for our students. This is a great opportunity to showcase our talented and hardworking students. They too have put in a lot of time and energy in preparing for this performance. They will have the opportunity to perform before a live audience. This will be a fantastic learning experience for everyone involved. Good luck and #GoColts #SASNemo
