## DIRECTOR'S NOTE

"What I love is the theater! I love the sights, the smells, the roar of the crowd, the smells of the fruit as it hits the actors! I LOVE IT, I LOVE IT, I LOVE IT!"

Who doesn't agree with that statement? The theatre is where we often go to be entertained, awestruck, and inspired. While I certainly hope you don't throw fruit at the actors, we're so glad that you decided to come support the arts at St. Ann today. Since the school's beginnings, the theatre has been a constant presence. Students take a chance on themselves: auditioning, practicing, getting on stage and putting on a show for all to see. That can be a scary proposition for middle school students. They learn to have confidence in themselves, trust in their classmates, and that hard work pays off in the end. Something Rotten is essentially an homage to the theatre, referencing everything from Shakespeare to the modern Broadway repertoire. With song and dance, and sweet romance, it reminds us that there's nothing more amazing than a musical! It's even more fun when you get to cheer on your own kids, friends, classmates, and students who have worked so hard to put on a show. Just as well, we could not have done it without all of the staff and volunteers who helped make this happen. Many hours were spent helping to supervise, plan, paint, make costumes, and more! So sit back as these St. Ann students welcome you to the renaissance, a 16th century experience where everything is new!
