

## **SUMMER WORK- RISING 4TH GRADERS**

Dear Parents and Scholars,

Welcome to 4th grade, and congratulations on being promoted! You have worked hard and now it is time to rest. Summer is meant for family, fun, and lazy days! It is also a time to practice and get ready for the upcoming school year. This summer I want you to pace yourself; you don't need to rush to complete your summer work straight away. Instead, set aside 15-30 minutes of quiet time each day to read, write, engage in learning games and/or work in IXL. Make sure to keep on track with your learning this summer so you don't lose your momentum going into 4th grade. The fall will be filled with many challenges and you want to be rested, relaxed and ready to go! Complete the attached core skills and concepts listed below using <https://www.ixl.com/>. These are essential for success in fourth grade. Work to a smart score of 80%

**Reading:** Summer reading is critical for students to retain knowledge and skills learned in the previous school year. I recommend that each scholar read at least two books over the summer. Scholars should select books based on their interest/likes and reading level and complete the My Book Report Poster (attached). Book reports are to be submitted to me on the first day of school.

I look forward to an exciting school year and I am anxious to meet all of my new scholars this August! I will check my school email periodically during the summer. If you should have any questions, comments or concerns please email me at [kris.miller@sascolts.org](mailto:kris.miller@sascolts.org).

*Have a wonderful summer vacation!*

*Mrs. Miller*
